Discover new Cigna Healthcare Digital Features

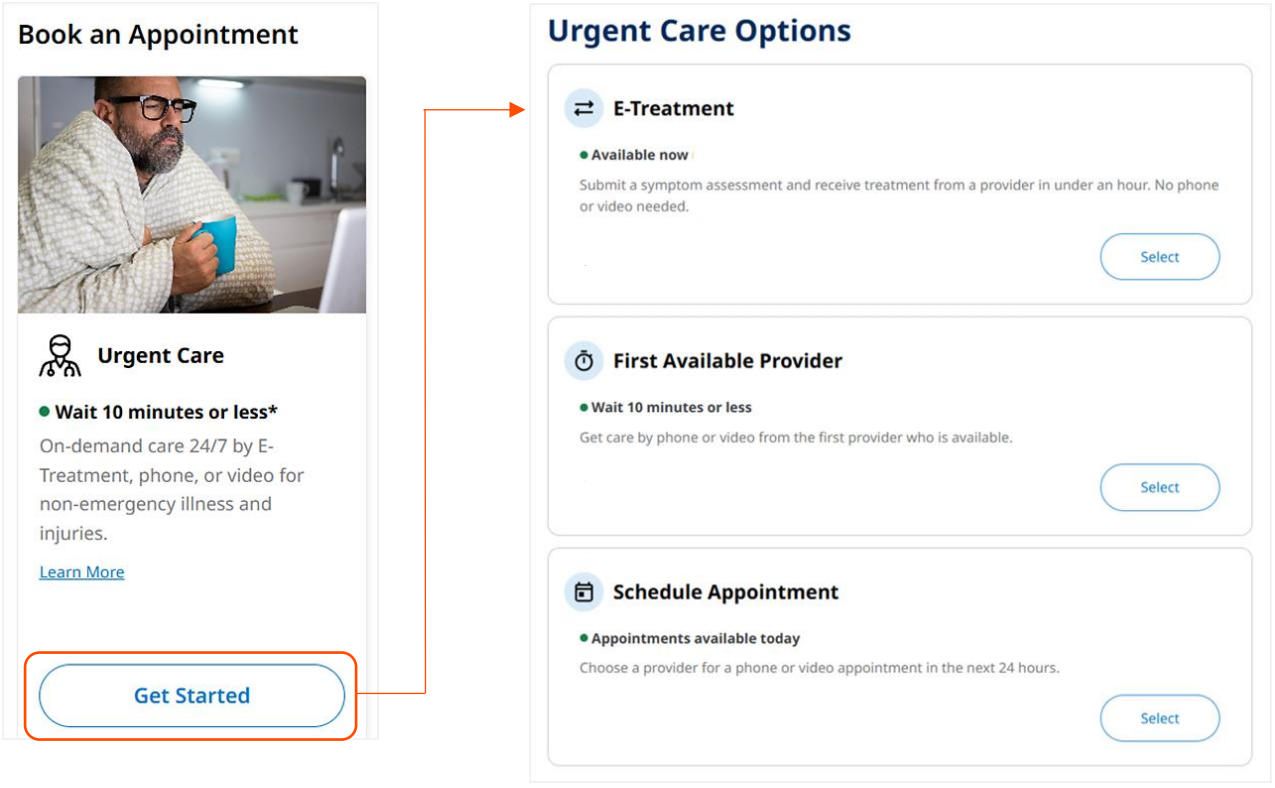

At Cigna Healthcare®, we are committed to delivering superior experiences for our customers and clients through frequent enhancements and upgrades to our digital experience.

MDLIVE® E-Treatment for Urgent Care is now available 24/7

Improving access to convenient care for our customers.

We're making it easier for our customers to get the care they need, when they need it. MDLIVE's[1] E-Treatment option for virtual Urgent Care is now accessible 24/7—anytime, day or night. Customers can connect with a licensed provider through the myCigna® app[2] or at myCigna.com® for fast, convenient treatment.

Examples are for illustrative purposes only. It's not an actual Cigna Healthcare customer experience.

1. Cigna Healthcare provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and all services may not be available in all areas; subject to state regulations.
2. The downloading and use of the myCigna Mobile App is subject to the terms and conditions of the App and the online store from which it is downloaded. Standard mobile phone carrier and data usage charges apply.
