

Group Hospital Indemnity Insurance

Keep your finances on track when you're in the hospital.

Medical insurance is important. Especially when you have a hospital stay – planned or unplanned. But it can leave you with unexpected bills and out-of-pocket costs. Group Hospital Indemnity insurance can help cover unexpected out-of-pocket expenses such as copays, deductibles and out-of-network charges, as well as everyday living expenses. It pays a benefit directly to you for hospital stays, regardless of your treatment costs or other insurance coverage you might have.

A cash benefit when you need it.

Even the best budgeters can forget to set aside money for medical expenses. Hospital Indemnity insurance provides a way to cover unexpected out-of-pocket expenses when you end up in the hospital. It also allows you to:

- **Choose how to spend your benefit.** It's your money — spend it however you want, whether it's to pay for your groceries, rent or medical bills.
- **Take it with you.** If you leave your job, you can take your coverage with you.
- **Get an objective second opinion and collect a benefit.** If you are required by a hospital's utilization review program to receive an objective second opinion on your confinement, we will pay \$50 for one day per stay.
- **Receive a benefit for taking care of your health.** You can get a Health Maintenance Screening Benefit of \$100 once a calendar year just for going to the doctor for a covered wellness screening, which may include a novel infectious disease test (including COVID-19) or a mammogram — that typically cost you nothing under your medical plan.
- **Get a break from paying premiums during long hospital stays.** If you are in the hospital for more than 30 days, you will be able to stop making premium payments until you're discharged.

Regardless of what other insurance coverage you may have, Hospital Indemnity insurance pays you a fixed benefit for every day you are in the hospital.
