

BeniComp Select is a supplemental medical expense reimbursement policy that can provide you and your family with \$0 of out of pocket medical expenses.

How Does It Work?

Before submitting your medical claims to BeniComp Select, ensure that they have gone through your base plan(s) first.

You pay any out-of-pocket claims that are not covered by your base plan. You submit the claim and specific supporting documentation online through your BeniComp portal. BeniComp reviews the claims submission.

Once claims are approved, BeniComp initiates reimbursement directly to you, **tax-free!**
