It's the online hub where you can check your coverage details, estimate costs, and view claims and expenses. You can also chat live with customer service, print extra ID cards, and more. Scan the QR code to learn more and visit **UnitedConcordia.com/GetMDB** after your plan's effective date to set up an account.

Find an in-network dentist

United Concordia Dental offers a nationwide network that makes it easy to find an in-network dentist. And when you stay in network, you'll enjoy benefits like the potential for lower out-of-pocket costs¹, high-quality care and time savings.

Preventive Incentive

With Preventive Incentive, covered diagnostic and preventive dental services don't get applied to your annual plan maximum. Depending on the plan design, these services may include cleanings, exams, X-rays, fluoride treatments and more.

Smile for Health® Wellness Core

If you have diabetes, heart disease, rheumatoid arthritis, lupus or oral cancer, or if you've had a stroke or organ transplant, you're eligible for additional services to care for gum disease. Learn how to check your eligibility and sign up.

Pregnancy Benefit

The Pregnancy Benefit can make it easier and more affordable for members to prevent, treat or manage all stages of gum disease during pregnancy. By registering for the benefit, members become eligible to receive one extra cleaning covered at 100%². If needed, the benefit also covers the full cost of some other procedures necessary to treat or manage gum disease.

¹ In-network dentists are required to accept full reimbursement from United Concordia for covered services and to bill member only for applicable deductibles, coinsurance, and/or amounts exceeding contractual maximums.

² Your standard plan's frequency limitations (how often services are covered), annual maximum (the maximum amount your plan will pay toward services during the plan year), and other details still apply. See linked flyer for list of all covered services.
