**Let's Get Started**

Electing Coverage

1. The benefits plans on the **Open Enrollment Page** are organized into three areas: Health Care and Accounts, Insurance and Additional Benefits.

2. Elections made for the prior benefits year will populate automatically with the exception of health savings accounts and flexible spending accounts.
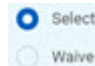

> 💡 Employees **not enrolled** in health savings or flexible spending accounts who do not wish to make any changes to their benefits elections can skip directly to **Submitting Open Enrollment Form.**

3. Employees can update their current benefit elections by clicking **Manage** and enroll in new ones by clicking **Enroll** at the bottom of the benefit plan tile:

Medical	Dental Care
CareFirst BlueChoice Advantage CDHP with HSA	Waived
Cost (Semi-monthly) $21.94	
Coverage Employee Only	Enroll
Manage	

> 💡 All benefits eligible employees are automatically enrolled in five types of insurance: Basic Life, Basic AD&D, Business Travel Accident, Short-Term Disability/Salary Continuance and Long-Term Disability. Employees do not need to manage these plans unless they want to update the plan beneficiaries.

4. Each benefit plan election page will include information about the plan, the employee contribution and the company's contribution (if applicable). The **Plan Details** section of the benefit plan election pages will include direct links to detailed information about the benefit plan on offer.

5. Use the **Select/Waive** radio buttons to indicate your choice for the upcoming calendar year.

6. Benefit plan pages with more than one option will allow employees to select one plan. The others will be waived by default.

7. Complete this step using the **Confirm and Continue** button at the bottom of the benefit plan page.
