Blue High Performance Network

You will have access to a full range of carefully selected Blue HPN doctors, specialists and hospitals in more than 68 major U.S. cities. There is no out of network coverage, except for emergency situations. This means you will be financially responsible for out-of-network charges if you see a non-Blue HPN doctor, specialist and/or hospital. You may choose any in-network specialist without a referral and any in-network hospital/facility for admission.
