

## Accident Insurance

# Help minimize the financial impact that can come with an accidental injury

## What is it?

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident. Accident Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

## Who can be covered?

You have the option to enroll yourself as well as your spouse\* and children\* in Accident Insurance coverage to meet your needs.

\* Employees must be enrolled in order to elect coverage for eligible spouse and eligible dependent children as defined in the Certificate of Coverage and Riders.

## Why should I consider it?

Benefits will be paid directly to you to use for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.

Coverage is always guaranteed issue.

You can choose to take this coverage with you if you leave your employer or retire, and you'll be billed at the same rates via direct billing.
