Your Prescription Benefit Program

Retail Pharmacy Copay

You are responsible for paying the retail pharmacist the copay per prescription listed below:

1-34 Day Supply Copay

\$10.00 for a Generic Medication
\$30.00 for a Preferred Brand Medication
\$60.00 for a Non-Preferred Brand Medication

35-90 Day Supply Copay

\$20.00 for a Generic Medication
\$60.00 for a Preferred Brand Medication
\$120.00 for a Non-Preferred Brand Medication

This is a Dispense as Written (DAW) Plan, meaning your pharmacist must dispense the generic equivalent when one is available, unless your physician specifically requests the brand. If you request the brand-name medication from your pharmacist, you will be responsible for the difference in cost between the brand and the generic plus the copay.

Retail quantities will be dispensed according to your physician's instructions, as written on the prescription, for up to a maximum of a 90-day supply.

Please Note: If the cost of your medication is less than your calculated copay, you will only pay the cost of the medication.

Mail Order Pharmacy Copay

Prescriptions for maintenance medications (medications you take on an ongoing basis) can be submitted to HealthDyne, the EmpiRx Health mail order pharmacy. Your plan allows for up to a 90-day supply. Your copay amount will be:

1-90 Day Supply Copay

\$20.00 for a Generic Medication
\$60.00 for a Preferred Brand Medication
\$120.00 for a Non-Preferred Brand Medication

Specialty Medication Copay

Specialty medications are high-cost biotechnology drugs requiring special distribution, handling, and administration. These medications are typically designed to treat chronic diseases. Your copay amount will be:

1-34 Day Supply Copay

\$10.00 for a Generic Specialty Medication
\$30.00 for a Preferred Brand Specialty Medication
\$60.00 for a Non-Preferred Brand Specialty Medication

Please note, specialty medications are limited to a 34-day supply.

Mail Order Pharmacy

Prescriptions filled through the EmpiRx Health mail-order pharmacy, HealthDyne, are typically for medications used to treat chronic conditions and are written for up to a 90-day supply, plus refills. You also have the option of obtaining 90-day supplies through the retail network. Prescriptions for medications you need to use right away should always be taken to your local pharmacy. If you need support, call **1- (877) 669-0410 (TDD: 711)**.

Specialty Pharmacy

The specialty pharmacy provides personalized attention to help manage your medical condition, including one-on-one counseling with our team of pharmacists and trained medical professionals. This includes support for managing your condition, handling, and taking your medication properly, finding lower-cost options, and more. Because of the sensitive nature of specialty medications, some packages may require a signature.

Patient Saver Copay Assistance

EmpiRx Health has partnered with Luna Health to help identify programs that may lower your out-of-pocket costs for certain high-cost medications. If your prescription qualifies for copay assistance, a Luna Health coordinator will contact you to introduce the program, answer any questions, and guide you through the enrollment process. Once enrolled, your out-of-pocket cost for the medication could be reduced—potentially to as little as \$0.

What is a clinical review?

A review may be initiated by you, your pharmacist, or your prescriber by contacting EmpiRx Health.

Once the review is complete, you will be notified by mail. You can also check the status of your clinical review in the member portal or by calling EmpiRx Health Member Services toll-free at **1- (877) 669-0410 (TDD: 711)**.
