

## Help employees understand and utilize your voluntary benefits

BENEFITchoice is an educational tool that presents **your supplemental and voluntary benefits** to employees. It features animated videos that describe the plans in English and Spanish so employees can learn at their own pace. Employers can add customizable notes to illustrate plan value and **help employees make informed decisions**. It also provides the option to sort and view plans with employer contributions and the ability to save favored plans in a downloadable PDF.

HR teams save time explaining voluntary benefits and gain valuable insights from reporting analytics.

Best of all, **BENEFITchoice is now included with your PLANselect Plus annual license** or as a standalone tool.

### Key Features

Try It Now,  
Visit the Demo Site

Watch our video to learn more
