

# Critical Illness Insurance\*

## You can't predict an illness, but you can be prepared

Medical advancements and early detection are helping many people survive critical illnesses. However, these technologies and tests can lead to increased medical expenses.

Health insurance may only cover some of these costs, and an unexpected illness could make it difficult for you to pay your regular monthly bills, such as housing, utilities, and childcare.

Critical illness insurance from Colonial Life helps supplement your major medical coverage by providing a lump-sum benefit you can use to pay the direct and indirect costs related to a covered critical illness.

## BENEFITS STORY

### ONE FAMILY'S JOURNEY

Everything was going great for John. To celebrate his promotion and 45th birthday, he went to dinner with his family. After returning home, John had a heart attack. Fortunately, he survived and had critical illness insurance to help with the bills while he recovered.

#### Medical expenses

John's critical illness insurance helped him pay for the hospital bills that his medical insurance didn't cover.

#### Lifestyle changes

After recovering, John's cardiologist recommended that he exercise regularly, so John used part of his benefit to pay for a gym membership.

#### Rest and relaxation

With stress factoring into John's heart attack, he used part of his benefit to take a vacation, where he took the time to decompress.

#### Prevention

To help make sure his heart stays healthy, John uses his annual health screening benefit to pay for his yearly stress test.
