Spending Accounts

Use a Health Savings Account to maximize your savings.

Health Savings Account

If you choose a High Deductible Health Plan (HDHP) you also have the opportunity to participate in a Health Savings Account (HSA). An HSA is an account funded by both you and Werner that lets you set aside pretax money to pay for qualified out-of-pocket medical, dental, and vision expenses — now or in the future. Once you're enrolled in the HSA you'll receive a debit card to help manage your HSA claims. Your HSA can be used for your expenses and those of your spouse and dependents, even if they are not covered by the HDHP.

Werner will also contribute to your HSA.

The annual Werner contribution will equal:

» **\$2,000/\$4,000 Plan:** \$300 for individual | \$600 for all other tiers

» **\$3,200/\$6,400 Plan:** \$500 for individual | \$1,000 for all other tiers

Don't miss out on the contribution by Werner. You must open an HSA account to receive funds from Werner. If you make this election, make sure to look for communications from our HSA vendor, WEX, and provide any necessary identifying information to open your HSA account.

Maximum Contributions

The total annual HSA contributions may not exceed the annual maximum amount established by the IRS. The annual contribution maximum is based on the coverage you elect.

» **Individual:** \$4,150

» **Family** *(Filing Jointly)*: \$8,300

Employees age **55 and older** can make an additional annual "catch-up" contribution of up to **\$1,000**

Werner offers many additional benefits such as life, disability and supplemental insurance.
