Flimp Connect

Secure employee messaging for employers and consultants

Flimp Connect is a **secure, SOC 2 Type II compliant platform that supports HIPAA requirements**, giving IT and legal teams confidence in your data security and privacy practices.

Plus, unlike many platforms, Flimp Connect is **designed for employers to communicate with their employees**—not for mass marketing—ensuring exceptional deliverability.

With our state-of-the-art platform, you can **securely deliver messages by text (SMS and MMS), email, and two-way messaging**.

License our platform to manage your own messaging or let us do the heavy lifting for you with our **managed texting services**.
