

Access virtual care and support

through our Sydney Health mobile app

When you aren't feeling your best—physically, mentally, or emotionally—or you need guidance managing a health condition, help is available. You can connect to the care you need using our **SydneySM Health** mobile app. You can have a video visit with a doctor 24/7 for common health issues and annual wellness visits. Care for mental and emotional health is available by appointment.¹ Plus, the Sydney Health app is your avenue to specialized programs designed to help you improve your habits and your health.

Visit with a doctor for common medical concerns

Doctors are available anytime, with no long wait times and no appointments needed. They can help you with health issues, such as a cold or the flu, allergies, sore throat, migraines, or skin rashes. During your private and secure video visit, the doctor will assess your condition, provide a treatment plan, and send prescriptions to the pharmacy of your choice, if needed.³

Receive care for your behavioral health

If you're feeling anxious or depressed, or having trouble coping, you can set up a video visit with a therapist, psychologist, or psychiatrist.⁴ Appointments can be scheduled within one to two weeks.¹ Psychiatrists help manage medications; they do not provide counseling or talk therapy.⁵
