

# Dependent Care FSA

## Why should I choose a dependent care FSA?

A dependent care FSA allows you to put aside a portion of your paycheck before taxes for eligible dependent care expenses each year. \$5000 household limit or \$2500 if married and filing separately

### Save money

The dependent care FSA lets you pay for eligible dependent care expenses while you reap the benefits of additional tax savings. You're spending the money either way. This way, eligible childcare and other dependent care costs are a little less.

### Save strategically

Submit all of your dependent care expenses at the end of the plan year for one lump sum reimbursement to give yourself a hard-earned "bonus."
