How the Program Works:

Consolidate.

- A Direct Consolidation Loan consolidates multiple federal education loans into one loan.
- The result is a single monthly payment instead of multiple payments.
- Loan consolidation is a prerequisite for enrolling in an income-driven repayment plan and loan forgiveness.

Enroll.

- An income-driven repayment plan sets monthly student loan payments at an amount that is intended to be affordable based on income & family size.
 - Revised Pay As You Earn Repayment Plan
 - Pay As You Earn Repayment Plan
 - Income-Based Repayment Plan
 - Income-Contingent Repayment Plan

Recertify.

- Under all of the income-driven repayment plans, borrowers' required monthly payment amount may increase or decrease if their income or family size changes from year to year.
- Each year we help borrowers re-certify their income and family size to remain compliant.**

Forgive.

- Borrowers often qualify for loan forgiveness, cancellation, or discharge of the full amount of their loan and are no longer obligated to make loan payments.

Our goal is to help every borrower, whether to enroll them into an income-based program, get them out of garnishment, or simply assure them that they are already in **the best program for their circumstances.**

*** If a borrower needs a lower payment before their recertification is due — i.e. they lose their job, furloughed, or had a baby — they can re-certify their income-based repayment early and ask for an immediate payment adjustment.*

My experience with Silver Lion has been nothing short of life changing!

I really didn't think there was any help to be had for my student loan debt, or at least help that was of any great significance. But from the moment Lori said hello, her care, patience, and understanding eased my doubting side. Lori walked every step with me, answered every question, multiple times, and addressed every concern. Her knowledge and passion to help me paid off with an outcome that was way far greater than I ever thought possible. I've had a huge weight lifted off of me!

My wife is a 2020 Doctoral graduate in Physical Therapy which did come with a hefty price with student loans. Silver lion worked with us on consolidating her loans which got us in a much better position to get qualified to buy our first home. Thank you so much Silver Lion . . . for helping the transition of me and my wife's next chapter in life.

I had the pleasure of working with Silver Lion on a few occasions and they were extremely professional, informative, and patient. Their way of connecting with clients and individuals needing relief and assistance with their student loans is absolutely amazing. I can not thank them enough for the help they provided to my sister as well as myself. I strongly recommend Silver Lion as they made it easy to see the light at the end of a dark tunnel with paying off student loan debt.
