Eligibility

Who is eligible?

Full-time employees scheduled to work 30 or more hours per week are eligible for benefits starting on date of hire. Eligible employees can also enroll eligible dependents in many of the same benefits.

Eligible dependents include:

- Legally married spouse or same or opposite sex domestic partner
- Natural, adopted, step, and/or domestic partner's children up to age 26
- Children aged 26 or over who are disabled and depend on you for support
- Children named in a Qualified Medical Child Support Order (QMCSO)

Domestic partner

Under IRS rules, benefits for domestic partners are generally not available on a pre-tax basis. This means the portion you pay will be deducted from your earnings on an after-tax basis and the value of the employer portion of coverage will be taxable to you and reported on your W-2.

Enrollment opportunities

There are only certain events in which you're able to enroll in or make changes to your benefits (including adding/removing dependents).

New hires

New hires can enroll in benefits within 31 days of hire date. Benefits are effective on date of hire and remain in effect through the remainder of the plan year.

Annual Open Enrollment

If benefit eligible, you'll have an annual opportunity to make changes to your benefits and/or covered dependents. The decisions you make during Open Enrollment will stay in effect through the new plan year, January 1 through December 31, unless you experience a qualifying life event mid-year.

Qualifying Life Event

If you experience a Qualifying Life Event, you will have an additional opportunity to make changes to your benefits. You must elect benefits through our benefits portal at umusicbenefits.com within 31 days of the event. Changes made due to a qualifying life event will remain in effect through the remainder of the plan year.

Qualifying life events include:

- Marriage, domestic partnership, or divorce
- Birth or adoption (or a change in dependent eligibility)
- Loss or change of insurance coverage due to spouse's employment or turning 26
- Change in residence that affects access to network providers
- Change in eligibility for Medicare or Medicaid
- Court order requiring coverage for your child

Remember!

You won't be able to make changes to your benefits outside of the scenarios above, so plan accordingly and make sure you have all the coverage you need each plan year.

Medical plan options

UMG offers multiple medical plan options to fit your needs. All medical plans provide in-network preventive care at no cost to you.

Anthem High-Deductible Health Plan (HDHP)

This plan has the lowest premiums but you'll pay full cost for most services until you meet your deductible. After that, you share costs through coinsurance. This plan includes a Health Savings Account (HSA), with UMG contributing \$850 for individuals or \$1,700 for families, and you can also contribute pre-tax dollars for medical expenses. It's a good fit if you want lower premiums, use fewer healthcare services, want the flexibility of in- and out-of-network providers, and value HSA tax savings.

Anthem Co-Pay (EPO)

This plan offers predictable copays and no deductibles or coinsurance for most services, but you must stay in-network (except emergencies). You don't need a primary care provider (PCP) or referrals, though you must confirm your providers are in-network. While premiums are higher than the HDHP, it is a good choice if you expect regular healthcare needs and prefer set costs.

Anthem PPO

The PPO may be the right fit if you want the flexibility to see providers both in- and out-of-network without referrals and without the high deductible. This plan comes with the highest premiums and out-of-pocket costs compared to the HDHP and EPO.

Kaiser HMO (CA only)

Available only to California employees, this plan offers coordinated care within Kaiser's network. You'll choose a primary care physician who manages your care and referrals. Most services have set copays, and some (like labs and x-rays) may be free. Since coverage is limited to Kaiser facilities, it's best if you're comfortable receiving all your care within that system. While it doesn't include Anthem's extra programs, it provides comprehensive medical coverage.

Retirement 401(k) plan

The **Universal Music Group 401(k) Plan**, through Vanguard, is an ideal way to save for retirement. Eligible employees may enroll in the Plan immediately upon hire once information has been updated with Vanguard, which is usually within a week following hire date.

This plan provides an easy way to save for retirement, save on current taxes, and receive a Company match on your contributions. The plan provides you with a choice on how your money is invested and offers a diversified lineup of investment options.

You can find everything you need to enroll on myumgbenefits.com.

UMG also provides a non-elective 3% company contribution for eligible employees (vested after 3 years), in addition to any matching contributions and regardless of any contributions you make to the 401(k) plan.

How to contribute

- New hires will be automatically enrolled with a pre-tax contribution of 3%, effective 30 days after hire or as soon as administratively feasible.
- You can make changes and/or opt out of the auto enrollment at any time—see instructions on myumgbenefits.com.
- Elect pre-tax and/or Roth after-tax contributions
- Choose from 1% to 75% of your eligible compensation (subject to IRS limits).
- Contribute a maximum of \$24,500 annually on a pre-tax basis, Roth, or combination of the two.

Contribution options

Pre-tax: These contributions are deducted from your taxable income *before* taxes are calculated so your taxable income is reduced. This means you'll save on taxes at the same time you're saving for retirement.

Roth after-tax: These contributions allow you to contribute on an after-tax basis so that your earnings grow tax-free and you do not pay taxes on the earnings upon distribution (as long as it has been 5 years since your initial Roth contribution).

Company match

UMG matches \$1 for every \$1 you contribute on the first 5% of your eligible compensation, and this is immediately vested. You can make changes at any time in **Vanguard**.

Catch-up contribution

- Those age 50+ may contribute an extra \$8,000 above the IRS annual limit, up to a maximum of \$32,500*
- Those age 60-63 may contribute an extra \$11,250 above the IRS annual limit, up to a maximum of \$35,750*

Change to catch-up contributions effective January 1, 2026: Due to **SECURE 2.0 Act** legislation, employees age 50+ who earned more than \$150,000** in the previous year must make catch-up contributions on a **Roth after-tax basis** (pre-tax catch-up contributions won't be allowed).

If you are contributing pre-tax contributions, you will need to update your contribution to Roth after-tax in **Vanguard** once you're close to the \$24,500 limit.

* These contribution limits are automatically applied in the system if you earned less than \$150,000 in the previous year.

** This amount will be adjusted annually by the IRS.

Health Savings Account (HSA)

A Health Savings Account (HSA) is offered to employees enrolled in the Anthem High-Deductible Health Plan (HDHP). An HSA is a tax-advantaged account that allows you to save and pay for eligible medical expenses now or in the future.

Eligible expenses

You can pay for eligible health-related expenses for you and your dependents such as medical visits, prescriptions, sunscreen, over-the-counter medicine, and more. Click [here](#) to see a full list of eligible expenses.

Employer contribution

UMG contributes to your HSA to help cover out-of-pocket healthcare costs:

- **Individual coverage:** \$850*
- **Family coverage:** \$1,700*

Your contribution

The 2026 IRS limit to your HSA is:

- **Individual coverage:** \$4,400**
- **Family coverage:** \$8,750**
- **Catch-up contribution (age 55+):** \$1,000**

How it works

- You can elect the HSA amount you'd like to contribute on a pre-tax basis directly in your [benefits account](#) (you can make changes to the amount at any time).
- Use your HSA funds for eligible medical expenses such as doctor visits, prescriptions, and more.
- Unused funds roll over year to year—there's no “use-it-or-lose-it” rule.

Investment options

Once your HSA balance reaches \$2,000, you can choose to invest your funds in a selection of mutual funds on [HealthEquity](#). This allows you to build long-term healthcare savings over time that grow tax-free.

* Your employer contribution will be prorated on a quarterly basis.

** The annual IRS limits include HSA contributions from all sources, including you, your spouse, and your employer.

Flexible Spending Account (FSA)

An FSA helps you save on everyday costs by letting you use pre-tax dollars for eligible health, dependent care, and commuting expenses. You choose how much to contribute each year, and the money comes out evenly from each paycheck. When you have an eligible expense, you can use your FSA funds to pay for it.

Your FSA options

Healthcare FSA

Use pre-tax dollars for eligible medical, dental, and vision expenses for you and your dependents for things like co-pays, prescriptions, dental services, and glasses.

- **Enrollment:** Available during new hire enrollment, annual enrollment, or after a qualifying life event. You'll need to re-enroll each year.

Limited Purpose FSA

This FSA is available only to those enrolled in the HDHP medical plan and allows you to pay for eligible dental and vision expenses for you and your dependents such as dental co-pays, dental procedures, glasses and contacts, contact solution, and more.

Dependent Care FSA

This covers expenses for children under age 13, or a spouse or relative who lives with you and is incapable of self-care. Eligible expenses include daycare, elder care, preschool, and after-school programs.

- **2026 IRS contribution limit:** \$7,500 total per household*
- **Grace period:** You'll have until March 15 of the following year to use any leftover funds. After that, unused money is forfeited.

Commuter Benefit (Qualified Transportation Benefit)

Save on commuting costs by setting aside pre-tax money for public transit or parking expenses.

- **2026 IRS contribution limit:** \$340 per month for both transit and parking.
- **Rollover:** Unused balances roll over month to month while you're employed. If you leave the company, you have 90 days to use remaining transit funds.

Flexibility: You can adjust your contribution anytime through the **WageWorks** website. If you leave the company, you'll have 90 days to use any remaining balance.

*Highly compensated employees (salary of \$160,000+) are capped at \$3,750 for their dependent care FSA contribution to help the plan pass IRS-required nondiscrimination testing. Please consult a tax or financial advisor if you have additional questions.

Employee Assistance Program (EAP)

Your Employee Assistance Program, through Journey, is here when life gets heavy or confusing and you're not sure where to turn. If you or a family member are dealing with stress, anxiety, depression, family or caregiving needs, financial or legal issues, or anything else on your mind, the EAP gives you confidential, 24/7 support from trained professionals.
