# Organize your benefits materials with a custom microsite

Flimp's Benefits Showcases are **customized, mobile-responsive, branded websites that organize your content** so employees, spouses and new hires can quickly and easily find the information they need. These **multi-page sites provide all-in-one access to critical educational materials** and have built-in options for tracking employee engagement. They can be easily updated and distributed via email, text messages, weblinks or QR codes.

- Variety of templates and styles available
- Easy implementation: we handle the setup
- Estimated turnaround: three to six weeks*
