 - If you prefer to use your Personal Identification Number (PIN) and Social Security number, but cannot locate your PIN, you can request a PIN reminder on the website or by calling the Information Line.
- 2 Set up a unique username and password for use on the website and the Voya Retire mobile app.

Designating a beneficiary

Have you named your beneficiary?

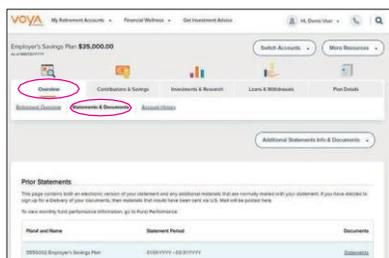

In the event of your death, the decisions you make today may have lasting effects on the loved ones that are left behind.

- Step 1** After logging in to your account, select your name in the top right hand corner and navigate to **Personal Information > Beneficiary Information > Add/Edit**.
- Step 2** Enter the requested information. Items marked with an asterisk (*) are required. Depending on your Plan rules, if you are married, your spouse may need to be your primary beneficiary:
Relationship: Select *Spouse*
Type: Select *Primary* and fill in the box with 100.
Complete the remaining information and click **Next**.
If you want someone other than your spouse as primary beneficiary, you must fill out a paper beneficiary form located under Plan Details > Forms.
- Step 3** To add a contingent beneficiary, click **Add Beneficiary**:
Relationship: Select the appropriate option (e.g. Son, Daughter)
Type: Select *Contingent* and enter the appropriate percentage or select *Equal* percent to all, if you want to split evenly among multiple contingent beneficiaries. Complete the remaining information, and click **Next**.
- Step 4** Repeat this process until you have entered all contingent beneficiaries. When you have entered all desired beneficiary/contingent beneficiary information, be sure to click **Save**, located on the lower right hand side of the screen.
- Step 5** You are now ready to submit your Beneficiary designation(s). When complete, you will see a confirmation screen with your beneficiary designation(s).
