

## Save time with auto refill and auto renewal for home delivery

If you're using home delivery for your long-term maintenance medications, auto refill and auto renewal can help make sure you always have your medication.

### **Auto refill: No need to request a refill again**

Auto refill allows you to have your mail order maintenance medications automatically refilled and sent to you. With auto refill, you're in control:

- Choose which medications to auto refill
- Choose your shipping address and preferred credit card
- Change your refill date or cancel auto refill online

### **Auto renewal saves time**

With auto renewal, we will call your doctor for a new prescription for your auto refill medications when you run out of refills or prescriptions expire. With auto renewal:

- We auto renew all your auto refill medications
- Once renewed, your auto refill will continue
- If your doctor doesn't renew your prescription, we will contact you

### Set up auto refill and auto renewal today

- 1 Log in to [optumrx.com](https://optumrx.com) and choose which prescriptions you would like automatically refilled\*
- 2 Once you select a medication for auto refill, you can also choose to use auto renewal

Once you choose prescriptions, there's no need to call or mail in your refill requests — your refill is automatically processed when you have about two weeks of medication left.
