#### **How a Health Plan Works**

Preventive Care - like physical exams, flu shots and screenings - is always covered 100% when you use in-network providers. The key difference between the plans is the amount of money you'll pay each pay period and when you need care. The plans have different:

- Annual deductible amount the amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay.
- Out-of-pocket maximums the most you will pay each year for eligible network services including prescriptions. After you reach your out-of-pocket maximum, the plan picks up the full cost of covered medical care for the remainder of the year.
- Copays A copay is a fixed amount you pay for a health care service. Copays do not count toward your deductible but do count toward your annual out-of-pocket maximum.
- Coinsurance Once you've met your deductible, you and the plan share the cost of care, called coinsurance. For example, you pay 20% for services and the plan will pay 80% of the cost until you have reached your out-of-pocket maximum.

# **Dental Plans**

Taking care of your oral health is not a luxury, it is a necessity to long-term optimal health.

With a focus on prevention, early diagnosis and treatment, Dental insurance can greatly reduce your costs when it comes to restorative, and emergency procedures. Preventive services are covered at no cost to you and include routine exams and cleanings. You will only pay a small deductible and coinsurance for basic and major services.

When you visit a dentist in the network, you will maximize your savings. These dentists have agreed to reduced fees, which means you won't get charged more than your expected share of the bill.

## Vision Plan

You may enroll yourself and your eligible dependents or you may waive vision coverage. You do not have to be enrolled in medical coverage to elect vision coverage or cover the same dependents under medical and vision.

The table at right summarizes the key features of the vision plan. Please refer to the official plan documents for additional information on coverage and exclusions.
