

# No cost care begins with a call to 855-601-1900.

You have access to local medical services at, literally, no cost to you. Your Direct Network includes services like physical therapy, X-ray, lab tests, MRI, and surgeries.

## How it works:

Contact a Nomi Health Care Guide for assistance.  
855-601-1900 | [getcare@nomihealth.com](mailto:getcare@nomihealth.com)

Search for a Provider:  
[nomihealth.com/member](https://nomihealth.com/member)

## Example savings using Nomi Health's direct network

Colonoscopy	Average hospital near you	Quality provider near you with Nomi Health
Cost to You:	\$500	\$0

## FAQs

### What services are covered by Nomi Health providers?

Nomi Health's Direct Network contracts may or may not include all services they have available. Please be sure to confirm prior to receiving care by calling a Care Guide **(855-601-1900)** to verify which services are included in your benefit plan.

### Can I use this benefit if I am currently receiving services from another provider?

YES! But – please note if you are receiving services from non-Nomi providers, there may be costs associated with transitioning your care such as repeating imaging or physical exams under the care of the new provider. This is determined by the protocols of individual providers and not decided by Nomi Health.
