How your plan works

If you have a qualifying injury or illness and are unable to work, your plan will provide income replacement (for example, \$350).* You will receive benefits until you are no longer disabled or reach the end of your benefit period. This means you'll still have income to help you and your family pay for expenses like rent, medical bills, food and more. With your disability plan, you can rely on:

- A simple and streamlined claim process
- Personal support to help you get back to your job more quickly and safely

To file a claim

- 1 Notify your employer of your absence from work
- 2 Go to myuhc.com® to access your short-term disability claim form packet
- 3 Complete, sign and date the necessary forms
- 4 Send the completed forms via fax or mail to the contact details listed on the claim form. You may also email the completed forms to fpcustomersupport@uhc.com.

After your claim is received

When we've received all the information needed to review your claim, we'll:

- 1 Inform you by phone or letter that we're reviewing everything
- 2 Ensure your claim receives a thorough, fair and objective evaluation
- 3 Send benefit proceeds to you as designated, upon approval

If you have any questions about this process, call our claim service team at **1-888-299-2070** between 8 a.m. and 8 p.m. ET.

How to access your claim form packet

Go to myuhc.com and scroll down without signing in. Then, select **Popular Forms > Disability, life and supplemental insurance claim forms**.

When payments begin

You may have to wait for a short period of time (known as the elimination period) before you're eligible to receive weekly payments, which you can use any way you choose. Most people use them to help pay for expenses such as:

- Their health plan deductible
- Mortgage/rent
- Groceries
- Other medical bills
- Utilities
- Child care

Important: Your benefits will continue as long as you are considered disabled or you reach the end of the benefit period. If you're still unable to work after your benefit period ends and you are enrolled in long-term disability, you may be eligible to transition to that coverage. For details, contact your employer.

Understanding the elimination period

- The elimination period begins the day you become disabled
- The length of the elimination period is determined by your employer. An example would be 7 days. To find out the length of your plan's elimination period, see your Certificate of Coverage.

Return-to-work and absence support

With your plan, you have access to specialists trained to help you return to your job—or another occupation if necessary—as quickly and safely as possible. They can also assist with:

- Résumé preparation
- Skills training
- Job placement/search support
- Interview preparation
- Relocation services and more

Being productive feels good

Your disability plan may allow you to work part time and still receive benefit payments

Family and medical leave help

If your employer receives Family and Medical Leave Act (FMLA) administration services from UnitedHealthcare, you'll have help from our specialists if you need to leave your job temporarily and it qualifies under federal and state FMLA laws. Our specialists will be available by phone to help you submit your claim and guide you through the process.

For more information about your eligibility for FMLA assistance, contact your employer.

A call worth taking
