Find the Right Aetna Doctor or Facility

You can locate a doctor or facility through Aetna's **Find a Doctor Online Directory**. Find a Doctor is updated six times a week. Please keep in mind that the availability of any particular provider cannot be guaranteed.

1. Log on to: <http://www.aetna.com>
2. Continue as a guest and enter required fields.

The screenshot shows the Aetna website's "Directory of Health Care Professionals" search interface. It features two main sections: "Already a member?" and "Continue as a guest". The "Continue as a guest" section includes a search bar labeled "Where do you want to find a Provider?" with a placeholder "Enter a 5-digit zip code, city, state, or county". Below this is a "Look within" distance slider set to 25 miles, ranging from 0 to 100 miles, and a "Search" button. An arrow points from the search bar to the text "Enter a 5-digit zip code, city, state, or county to begin looking for a provider".

3. Select "Aetna Standard Plans"
4. Then select "Open Choice PPO"

If you are an Aetna member, you may find your plan name on your members ID Card or In Enrollment Document

California Plans: Please read before you search

Why is choosing a plan so important?

- **Pay less.** Not paying a lot more if you use a provider that does not accept the plan
- **Find highest level of coverage** from a provider under your plan
- **Call doctors** to check plan acceptance

5. Click “Medical Doctors & Specialists”

6. Click “All Primary Care Physicians” and the provider listing will appear.

7. Your provider listing will include specific providers currently accepting your Aetna Health Plan. You must call and check with the provider before scheduling your appointment or receiving services to confirm if he/she is still participating in Aetna’s network.

****Important: use the 6-digit primary office code on the employee application.**

8. To print your provider directory, click “Print a Provider Directory”
