

# Welcome to your pharmacy plan

Here's a quick guide to your  
benefits

Anthem 

# Your pharmacy benefits

This benefits guide has tips on how to make the most of your coverage and save money, too.

## First, take a moment to register at [anthem.com/ca](https://anthem.com/ca)

Use your member ID to set up your [anthem.com/ca](https://anthem.com/ca) account. It is the fastest and easiest way to see your pharmacy benefits. At [anthem.com/ca](https://anthem.com/ca) you can:

- Find a pharmacy.
- Check your drug list.
- Compare medication costs.
- Set up home delivery and refill prescriptions.
- Review your claims.
- Check your copay, deductible, and coinsurance amounts.

With the Sydney Health app, you can manage your benefits from anywhere. Download it at the Apple Store® (iOS) or on Google Play (Android).

## Your medication coverage

Here is what your plan covers:

- Brand-name and generic drugs on your drug list
- Certain preventive drugs at little or no cost to you
- Specialty drugs if you have ongoing health issues or a serious illness

## Your drug list

Your plan uses the **National Direct Plus Three Tier Drug List**. It includes hundreds of generic and brand-name prescription drugs in every drug category.

You can check the medications you take on your [drug list](#). If your medication isn't on the list, you will see other options. Drug lists can change, so you may want to check it when you have a new prescription.

Drugs are grouped in tiers. Your share of the cost depends on which tier your drug is on. Typically, drugs on lower tiers cost less.

## Your pharmacy options

You have choices for filling your prescriptions, including local pharmacies in your plan and convenient home delivery.

### Retail pharmacies

Your costs may be lower if you use one of the nearly 67,000 pharmacies in your plan's network. That's almost every pharmacy in the nation, which makes it easier to find one near you. To search for a pharmacy, log in to [anthem.com/ca](https://anthem.com/ca).

### Home delivery

If there are medications you take regularly, you can save time and money with our home delivery service. CarelonRx Pharmacy will deliver up to 90-day supplies with free standard shipping. Sign up at [anthem.com/ca](https://anthem.com/ca).

For certain drugs, you can fill a 90-day supply at most participating retail pharmacies in your plan. This can save you time on refills.

If you need prescription refills, please ask your doctor for a new 90-day prescription. You can also call 833-768-2080 with questions about how to set up home delivery.

### Specialty pharmacy

If you have a health condition that requires specialty medicine, such as those you take by injection or infusion, or that need special handling, you will need to order through CarelonRx Specialty Pharmacy.

To view a list of covered specialty drugs that require a network specialty pharmacy, please visit [anthem.com/ca/pharmacyinformation](https://anthem.com/ca/pharmacyinformation) and select the Exclusive Specialty Drug List.

\* CarelonRx, Inc. is an independent company providing pharmacy benefit management services on behalf of your health plan.

## Your cost

Your share of medication cost — including copays and coinsurance — depends on your plan and the pharmacy you use. You will find this information when you log in at [anthem.com/ca](https://anthem.com/ca).

You can also ask your employer for a copy of your Summary of Benefits.

## What to know about your drug coverage

Some medications require certain steps before your plan covers them. Here are examples:

- **Preapproval, also known as prior authorization.** This means we need to approve a drug before the pharmacy fills it.
- **Step therapy (ST).** You may need to try other medicine before we can cover the one your doctor prescribed.
- **Quantity limits (QL).** To help protect your health, your plan may limit how much medication you can receive each month.

## How to save on medication costs

- Take medicines on your plan's **drug list**.
- Choose medications on **Tier 1**.
- Find out if there are **generic or over-the-counter options**.
- Check your cost with our **Price a Medication** tool at [anthem.com/ca](https://www.anthem.com/ca).
- Use pharmacies **in your plan**.
- Arrange **90-day supplies** of medications you take regularly.

Please check with your doctor before changing your medication.

If you have questions about a medication you take or your pharmacy benefits, we're here to help
