WHAT'S AN EAP?

WHEN TO CALL

Everyone experiences stress, but it's important to reach out for support when feelings become overwhelming, persistent, or start to significantly impact your daily life, work, or relationships.

Don't hesitate to seek help before things feel unmanageable.

Do you or anyone in your household have an EAP with their employer?

An Employee Assistance Program (EAP) is a **confidential service that assists employees and their families** with various personal and work-related issues, offering resources, counseling referrals, and support for stress, anxiety, and relationship challenges.
