

Medicare Advocacy

You have insurance options after age 65.

We help you understand your choices.

We work with Holiday Inn Club Vacations to help eligible team members understand the process of choosing an ideal Medicare plan that meets your individual medical and financial needs.

Why work with us?

We provide personalized guidance over the phone to help you understand the options that are available to you.

If you do not fully understand your Medicare options and choose the wrong plan, you may find yourself incurring significant out-of-pocket expenses. Working with us is simple and can help you feel confident in your Medicare elections.

Holiday Inn Club Vacations provides this support at no cost to you
