HEALTH PROFILE

Get the big picture of your health

The **Vitality Health Review™** allows Vitality to get to know YOU a little better. You'll answer questions about your levels of physical activity, eating habits, your work-life balance, and any personal biometric numbers that you know. Once completed, you'll get a detailed report of your overall health in Health Results as well as your **Vitality Age®**, a measurement indicating how your current lifestyle may cause you to be younger or older than your actual age.

Know your numbers

A **Vitality Check®** is a confidential blood screening and biometric assessment that measures your BMI, blood pressure, fasting blood glucose level/ HbA1c, and total cholesterol. This important health assessment will indicate whether or not your results are in a healthy range or if they need to improve. You'll earn Vitality Points each year when you have a Vitality Check. When your results fall within healthy ranges, Vitality will award you additional points.

Set goals that motivate you

Goals available through Vitality allow you to set your own objectives, establish a timeline for achieving them, and earn a maximum of 30 Vitality Points each week when you check in on them. Vitality will make goal recommendations based on your health profile or you can choose one or several goals that you want to accomplish. Look for Newsfeed posts, inbox and mobile messages tailored to your goal progress.

POINTS

Plan activities that inspire you

The **Points Planner** on the Vitality website categorizes the many activities for which you can earn Vitality Points to reach your desired Vitality Status®. You're in control of choosing, adding and completing the healthy activities that inspire you to better health. Need some suggestions? Answer a few questions on the Quick Points Planner and Vitality will instantly provide suggestions for you to add to your pathway.

Enjoy your Rewards

Vitality Squares is an online game of chance game played with a board of eight healthy food squares and seven unhealthy food squares to "flip" on the Rewards page of the Vitality website. The greater your Vitality Status, the more squares you get to flip for a chance to win up to 50 Vitality Points or select gift cards valued at \$5, \$15 and even \$500!
