

# Our services

## In-person & virtual care

Marathon Health is your health partner, covering up to 90% of your health and wellness needs.

### Primary & preventive care

- Annual exams and preventive screenings
- Blood pressure screening
- Biometric screening (height, weight, blood glucose, and cholesterol)
- Condition management (diabetes, heart disease, COPD, and more)
- Mental health support (assessment for mental health concerns)
- Vaccines (Flu, HPV, TDAP, and more)

### Immediate & sick care

- Bronchitis
- Common cold and cough
- Constipation
- Diarrhea
- Eye infections
- Headache
- Joint pain
- Nausea and vomiting
- Nosebleed
- Sinus infections
- Skin infections
- Strep throat

### Family care (ages <6+>)

- Minor injuries (cuts, scrapes, and minor burns)
- Sick care (fever, flu, vomiting, pink eye, cough, and more)
- School and sports/camp physicals\*

### Lab services

- Basic metabolic panel
- Blood draws and sample collection
- Cholesterol
- Hemoglobin A1c
- Pregnancy test
- Screening for diabetes
- Urinalysis
- *Additional lab tests can also be drawn and sent to an outside lab for processing*

\*Marathon Health provides annual school physicals (generally seen as a well-child visit/pediatric physical visit) for children 12 years and older and annual sports/camp physicals for children 5 years and older, where available. There are Marathon Health centers that offer these services for expanded age ranges depending on employer arrangements and where available. For more information and to confirm availability, please contact your local Marathon Health care center.
