

Access personalized weight loss care

Weight loss is personal. Your wellness journey should be too. Through your One Medical benefit, you can access personalized weight loss care alongside comprehensive primary care to help you feel your best today and support your long-term health.

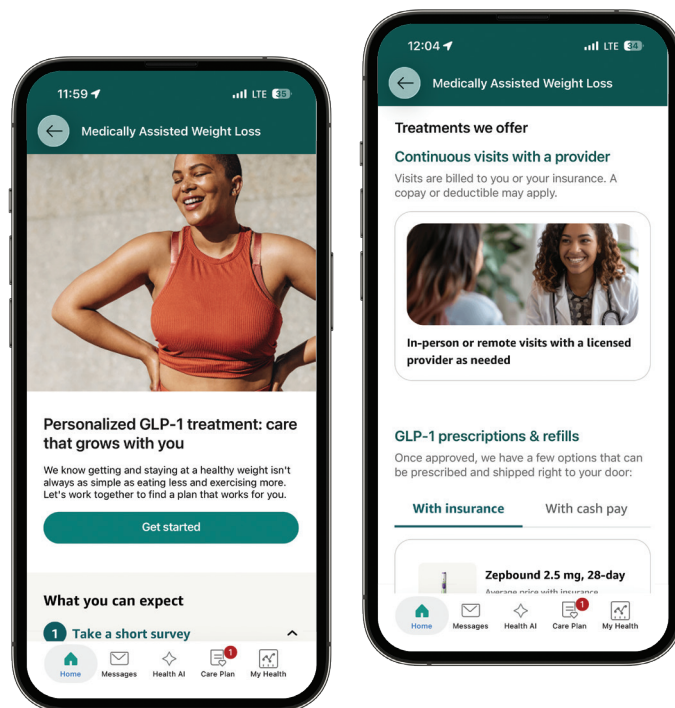

Get support tailored to your health needs

Work with a weight loss-trained provider to create a care plan that fits your life and goals.

-  Personalized treatment plans based on your health history
-  Treatment options including GLP-1s when clinically appropriate
-  Sustainable lifestyle and nutrition guidance for lasting results
-  Ongoing provider-guided support throughout your journey
-  Upfront and transparent pricing on prescribed medications – plus mail delivery right to your door through Amazon Pharmacy
-  Easy-to-use app to track your progress

Plus, get comprehensive primary care for all your health needs, virtual and in-person:

- Preventive care
- Chronic condition management
- Everyday health needs
- Mental health support

“

What members are saying

“I truly appreciate how my provider took the time to understand my health history and create a weight loss plan that actually works for my lifestyle.”

– Amazon One Medical Member

Scheduled visits are billed to you/your insurance; copay and deductibles may apply. Medications prescribed when clinically appropriate to patients who meet eligibility criteria.

Your One Medical membership is fully covered.
