MORE IMPORTANT INFORMATION FOR YOU.

IMPORTANT THINGS YOU NEED TO KNOW:

REGISTER FOR MAIL SERVICE

Register on caremark.com on Jan. 1, 2016. You will need to set up a new username and password, as well as your payment information. Even though most prescriptions transfer over, this information will not.

PRESCRIPTION TRANSFERS

Most prescriptions will transfer and be ready for refill when you register at caremark.com on Jan. 1, 2016. If your prescriptions are currently set up as auto-refill, you will need to set this up on caremark.com.

YOUR PRESCRIPTIONS

If your prescription does not have any remaining refills, is a controlled substance or is expired, you will need to contact your personal doctor to get a new prescription. You can also go to caremark.com and use the Request a New Prescription tool, and CVS/caremark will contact your personal doctor for prescription information.
