

More savings equals more family fun

**A dependent care flexible spending account (DCFSA)
helps you cover care for your loved ones**

If you need to pay for care for your children, a disabled spouse or a legally dependent parent during your working hours, a DCFSA provides tax savings on the care expenses for all eligible family members, even if they're not covered under your health plan.

Spend tax-advantaged money

Since the dollars you put into your account are pretax, you save every time you use those dollars to pay for eligible medical expenses.

Cover care while you work

The cost of daycare for children, or supervision for an aging parent, is a significant expense for many families. A DCFSA allows you to pay for these services while reducing your taxes. For dependents under the age of 13, you can pay for:

- Before- and after-school care
- Nursery school
- Day care and preschool
- Summer and holiday day camps
- Babysitter, nanny or au pair
- Sick childcare
- And more

You can also use your account for adult dependents who need care, such as a spouse or live-in parent. This includes:

- Senior day care
- Care of an incapacitated adult who lives with you
- Expenses for an in-home caregiver
- Transportation to and from eligible care (provided by your care provider)
- Eldercare (in your home or someone else's)
- And more

For an easily searchable list of eligible expenses, visit [optum.com/QualifiedExpenses](https://www.optum.com/QualifiedExpenses).

See how much Emily saves while covering her family

Emily knows that her children and mom are in good hands while she's at work. And her DCFSAs help her save on these care costs. Check out how much money she's saving per year:

Annual pay	Yearly contribution	Taxable income	Total annual tax savings
\$70,000	-\$5,000	\$65,000	\$1,483*

With a DCFSA, your taxable income is reduced by the amounts you deposit into your account, up to IRS limits.

Check your employer plan documents to see what your DCFSA allows.

*Assuming 22% federal income tax and 7.65% FICA. Results and amount will vary depending on your particular circumstances.

Save your receipts

A receipt is required to validate your expense as eligible. We suggest you keep all of your receipts or save them in your mobile app. All receipts should include:

- Dates of service (Start and end dates for the service)
- Provider information (official receipt clearly showing the provider address, email, website or provider TIN)
- Provider's name and Social Security number, if an individual and not an entity is providing the service

Check out our [Claims Resource Center](#) for more information on how to submit a claim.

Ready to enroll?

Enrolling in a DCFSA is quick and easy because it's built into your employer's benefit options. Review your materials today so you don't miss your chance to sign up.
