

Benefits designed to help protect moms and kids

Get bigger vision benefits for optimal eye health when it's needed most. Women who are pregnant or breastfeeding may experience eye or vision changes. Growing kids may also have more frequent vision needs.

Your UnitedHealthcare Vision plan includes expanded benefits for women who are pregnant or breastfeeding, as well as covered children up to age 13, at no additional premium cost.

- **Coverage for a second eye exam**
  If you notice changes to your vision during the plan year, you can get your eyes checked a second time without paying an additional premium; standard copays apply.
- **Coverage for 1 new pair of glasses (frames and lenses)**
  If your prescription changes .5 diopter* or more in a plan year, you can get new glasses without paying an additional premium; standard copays apply.
