Frequently Asked Questions

Is my drug on the MedOne formulary?

MedOne's drug look-up tool allows you to view medications that are on your formulary along with formulary alternatives.

- Go to medone-rx.com/members/drug-lookup
- Enter in the Rx GROUP ID (located on your ID Card)
- If you are currently taking one of the non-covered medications, please contact your physician and request a new prescription for one of the covered alternatives to be filled on or after your plan effective date.
- If you or your physician have questions about a medication or available alternatives, please call MedOne for assistance.

Will I need a prior authorization for my medication?

Your prescription benefit plan may include clinical programs and plan edits for specific medications or therapy classes. Prior authorization (otherwise known as pre-approval) may be needed to ensure safe and effective medication therapies are provided while keeping healthcare costs low for you and the plan. In some cases, certain medications may not be covered under your plan and lower-costing equivalent or alternative medications are made available.

We encourage you or your pharmacist to call MedOne at 866-335-9057 if you are prescribed a new medication in order to determine coverage status.

What do I do if I have issues filling my prescription on or after the plan effective date?

Your plan has chosen programs and edits on select medications or therapy classes, however a rejection at the pharmacy does not necessarily mean your medication is not covered. Rather, your medication may be subject to review and approval. If your pharmacist advises there is an issue, please ask them to call MedOne at 866-335-9057 to speak to one of our Member Advocates. Our Member Advocates will work quickly to resolve any issues. This number is also located on your Prescription ID card.

How do I go about filling my specialty medication?

Specialty medications treat complex medical conditions such as cancer and multiple sclerosis that often require specific handling and storage requirements. The plan requires members to utilize MedOne Pharmacy Services for filling specialty medications on or after your plan effective date. If you are filling a specialty medication, we encourage you to call MedOne prior to your plan effective date at 866-335-9057. When you call, we will ask you a few questions about your specialty medication in order to assist you in transferring your medication to MedOne Pharmacy Services.
