

Cancer Insurance

How would cancer impact your way of life?

Hopefully, you and your family will never face cancer. If you do, a financial safety net can help you and your loved ones focus on what matters most — recovery.

If you were diagnosed with cancer, you could have expenses that medical insurance doesn't cover. In addition to your regular, ongoing bills, you could have indirect treatment and recovery costs, such as child care and home health care services.

Help when you need it most

Cancer coverage from Colonial Life & Accident Insurance Company can help protect the lifestyle you've worked so hard to build. It provides benefits you can use to help cover:

- Loss of income
- Out-of-network treatment
- Lodging and meals
- Deductibles and co-pays

One family's journey

Paul and Kim were preparing for their second child when they learned Paul had cancer. They quickly realized their medical insurance wouldn't cover everything. Thankfully, Kim's job enabled her to have a cancer insurance policy on Paul to help them with expenses.

DOCTOR'S SCREENING

Wellness benefit

Paul's wellness benefit helped pay for the screening that discovered his cancer.

SECOND OPINION

Travel expenses

When the couple traveled several hundred miles from their home to a top cancer hospital, they used the policy's lodging and transportation benefits to help with expenses.

SURGERY

Out-of-pocket costs

The policy's benefits helped with deductibles and co-pays related to Paul's surgery and hospital stay.

Optional riders

For an additional cost, you may have the option of purchasing additional riders for even more financial protection against cancer. Talk with your benefits counselor to find out which of these riders are available for you to purchase.

- **Initial diagnosis of cancer rider** — Offers a one-time, lump-sum benefit for the initial diagnosis of cancer. You may choose a benefit amount in \$1,000 increments between \$1,000 and \$10,000. If your dependent child is diagnosed with cancer, this rider can pay two and a half times (\$2,500 – \$25,000) the chosen benefit amount.
- **Initial diagnosis of cancer progressive payment rider** — Provides a lump-sum payment of \$50 for each month the rider has been in force after the waiting period and before cancer is first diagnosed.
- **Specified disease hospital confinement rider** — Can pay \$300 per day if you or your covered family members are confined to a hospital for treatment for one of the 34 specified diseases covered under the rider.

If cancer impacts your life, you should be able to focus on getting better — not on how you'll pay your bills. Talk with your Colonial Life benefits counselor about how cancer insurance can help provide financial security for you and your family.

THIS POLICY PROVIDES LIMITED BENEFITS.

WAITING PERIOD

The policy and its riders may have a waiting period. Waiting period means the first 30 days following the policy's coverage effective date during which no benefits are payable. If your cancer has a date of diagnosis before the end of the waiting period, coverage for that cancer will apply only to losses commencing after the policy has been in force for two years, unless it is excluded by name or specific description in the policy.

EXCLUSIONS

We will not pay benefits for cancer or skin cancer:

- If the diagnosis or treatment of cancer is received outside of the territorial limits of the United States and its possessions; or
- For other conditions or diseases, except losses due directly from cancer.

The policy and its riders may have additional exclusions and limitations. For cost and complete details of the coverage, see your Colonial Life benefits counselor. Coverage may vary by state and may not be available in all states. Applicable to policy form CanAssist and rider forms R-CanAssistIdx, R-CanAssistProg and R-CanAssistSpDis (including state abbreviations where applicable, for example: CanAssist-TX).
