INCONTESTABILITY: Any statement made in your application will be deemed a representation, not a warranty. We cannot contest this Policy after it has been in force for 2 years from the date of issue, except for non-payment of premium.

Any statements made by you, any Insured or on behalf of any Insured to persuade us to provide coverage, will be deemed a representation, not a warranty. **NOTICE OF PROTECTION PROVIDED BY
IOWA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION**

This notice provides a brief summary of the Iowa Life and Health Insurance Guaranty Association (the "Association") and the protection it provides for policyholders. This safety net was created under Iowa law, located at Iowa Code Chapter 508C, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity, health insurance company or health maintenance organization becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Iowa law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in net cash surrender and withdrawal values

Health Insurance

- \$500,000 for health benefit plans (see definition below)
- \$300,000 in disability income protection insurance benefits
- \$300,000 in long-term care insurance benefits
- \$100,000 in other types of health insurance benefits, including net cash surrender and withdrawal values

Annuities

- \$250,000 in the present value of annuity benefits, including net cash surrender and withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$350,000. Special rules may apply with regard to health benefit plans.

"Health benefit plan" is defined in the applicable Iowa law and generally includes hospital or medical expense policies, contracts or certificates, or HMO subscriber contracts that provide comprehensive forms of coverage for hospitalization or medical services, but excludes policies that provide coverages for limited benefits (such as dental-only or vision-only insurance), Medicare Supplement insurance, disability income insurance and long-term care insurance.

Note: Certain policies and contracts may not be covered or fully covered. If coverage is available, it will be subject to substantial limitations and exclusions. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements under Iowa law.
