THE BENEFITS OF MAIL SERVICE

CONVENIENT

SAVE TIME — Your 90-day supply of medication using mail service means fewer trips to a retail pharmacy.

COST-EFFECTIVE

SAVE MONEY — A 90-day supply using mail service typically costs less than multiple copayments of the same quantity dispensed at a retail pharmacy. Check your benefits on myWellmark for details.

Registered pharmacists make sure your order is right, and check for potential drug allergies and interactions. They're also available by phone to answer any questions.

Enjoy the extra convenience of automatic refills.

Save extra time with ReadyFill at Mail™. This automatic prescription refill and renewal program is a no-cost service provided by CVS/caremark Mail Service Pharmacy. The work of ordering is done for you, so you don't have to spend time online, on the phone or filling out a form. Sign up for this at the same time when you register for mail service at caremark.com.

Ask for Generic Drugs and Save

An easy way to save money is to buy generic medications when available and appropriate. Although generic drugs have the same active ingredients as the brand-name, they typically cost much less.

Your order will be reviewed to see if a generic medication is available. Unless otherwise noted by your prescriber or state law, you will get the generic equivalent when available to help you save money.

With home delivery service from CVS/caremark, your medicine arrives safely at your door in plain packaging – at no extra cost to you. You will also be told when a shipment is on the way so you can make changes or cancel at any time.
