# 2025 U.S. Benefits Guide

If there are any differences between this guide and the Plan document, the Plan document will govern. Rentokil reserves the right to amend, suspend, or terminate the Plan or level of benefits provided under the Plan at any time. If a change is made, benefits for claims incurred after the date the change takes effect will be paid according to the revised Plan provision. In other words, once a change is made, there are no rights to benefits based on earlier Plan provisions.

More information about specific terms and conditions of each plan is included in the Summary Plan Description (SPD) and Summary of Benefits and Coverage (SBC), available at [RentokilTotalRewards.com](https://www.rentokil.com/TotalRewards). You can also find many benefit-related legal notices on the site.

# Meritain medical plans

Here are the differences between the national plans. All plans are administered through Meritain Health and are supported by the Quantum Health Care Coordinators. These plans use the Aetna POS II network of providers. They're not available if you live in Hawaii.

**CDHP (HSA eligible)**

Meritain 3500 CDHP, Meritain 2000 CDHP

**A CDHP plan is a Consumer-Driven Health Plan that allows for a Health Savings Account (HSA).** With a CDHP, you pay 100% of the in-network negotiated cost for services, including prescription drugs, until your deductible is met. Preventive care, vaccinations, and preventive drugs are covered at no cost when provided by an in-network doctor or pharmacy.

**PRO TIP**

With these plans, you have to meet a high deductible — but you pay lower premiums and can use tax-free money from your HSA to help pay out-of-pocket healthcare expenses. Plus, the Company matches your contributions up to the annual match amount! The Company match is based on your plan and level of coverage. Don't miss out on free money! All the money in your HSA stays with you, year to year, even if you leave Rentokil.

**PPO (FSA eligible)**

Meritain 1000 PPO

**A PPO is a traditional medical plan with copays.** If you need to see your in-network doctor or fill a generic prescription, in most cases you'll pay a copay with no deductible. You pay a lower medical deductible and coinsurance for services such as inpatient hospital stays, outpatient surgery, and routine labs. Preventive care, vaccinations, and preventive drugs are covered at no cost to you when provided by in-network doctors and pharmacies.

**PRO TIP**

This plan has higher premiums, so you're paying more from each paycheck for coverage. There's no HSA with these plans, but you can use a Health Care Flexible Spending Account (HCFSA) to help pay for out-of-pocket healthcare expenses tax-free.

**Save on healthcare costs with additional programs**

If you enroll in a Meritain CDHP or PPO, you can save on healthcare costs through Hinge Health, Oshi Health, Teladoc Health (formerly Livongo), and CirrusMD. Learn more about these programs on [page 13](#).

# Regional medical plans

If you live in California, you can choose to enroll in the Kaiser HMO, or one of the CDHPs or PPO. If you live in Hawaii, your medical plan option is the HMSA PPO.

**Kaiser HMO (FSA eligible)**

(CA residents based on ZIP code)

**The big difference with this plan is you must see in-network providers for healthcare services to be covered.** You pay copays for office visits, urgent care, and prescription drugs. Like with the PPO, you'll pay a lower amount out of pocket, but more each month for coverage. You'll need to meet the deductible before the plan will share costs for other services. When you see out-of-network providers, you pay for the full cost. With the HMO, you can't enroll in an HSA, but you can use a Health Care Flexible Spending Account (HCFSA).

Access is based on Kaiser's defined service area using ZIP codes. Plan members must reside within the coverage area.

**PRO TIP**

You must see in-network providers for your care to be covered. If you see an out-of-network provider, you're responsible for paying for the full cost of care.

**HMSA PPO (FSA eligible)**

(Hawaii residents only)

**A PPO is a traditional medical plan with copays and coinsurance.** You pay copays (or coinsurance) for office visits, urgent care, and prescription drugs. You may need to meet a deductible first before the plan shares costs, depending on the provider you see. It's an affordable way to get quality and convenient care from the hospital and doctors of your choice.

**PRO TIP**

You can choose providers both in and out of the network each time you need care. However, if you use out-of-network providers, your out-of-pocket cost will be higher, and you may have to submit your claims to be reimbursed. You can use an HCFSA to help pay for out-of-pocket healthcare expenses tax-free.

Rentokil's 401(k) Retirement Savings Plan, administered by Vanguard, allows you to save for retirement through convenient payroll deductions.

## Who's eligible

Full- or part-time colleagues who are at least 18 years of age and employed for a minimum of 30 days are eligible.

## Enrollment

- You're eligible to enroll in the 401(k) Plan after 30 days of employment.
- You'll be auto-enrolled at a 3 percent contribution rate after 90 days of employment if you do not opt out by contacting Vanguard.

## Vesting

- You're always 100 percent vested in your personal contributions to your retirement savings.
- You become vested in Company match contributions after two years of employment.

### What you need to know

- Visit [Vanguard.com/RetirementPlans](https://vanguard.com/RetirementPlans) to get started, designate beneficiaries, and view or make changes to your retirement savings throughout the year.
- Your plan number is **093934**.

To learn more about how the 401(k) Plan works, visit [RentokilTotalRewards.com](https://RentokilTotalRewards.com).

## Contributions<sup>1</sup>

- You may contribute up to 80 percent of your eligible pay or up to the annual IRS contribution limit of \$23,000.
- Rentokil matches 50 percent of the first 7 percent of your contributions for each pay period that you contribute, up to a maximum match of 3.5 percent. **Maximize your Company match by contributing 7 percent to your retirement savings.**
- You can contribute pre-tax or post-tax (Roth) dollars — or a combination of both.
- You can change your contribution rate at any time during the year by logging in to your Vanguard account.
- If you're 50 years of age or older, you can contribute an additional \$7,500 annually as a catch-up contribution.

### **NEW! 60–63 catch-up election**

<sup>1</sup> The IRS adjusts 401(k) contribution limits annually, so it's likely that these limits will be increased in 2025. You can view the latest adjustments and limits on benefits and contributions on the IRS website by visiting [irs.gov](https://irs.gov).

# Life and accidental death & dismemberment (AD&D) insurance

Life and AD&D insurance offers financial protection to you and your family in case the unexpected happens.

## Basic life and AD&D insurance

Rentokil provides you with Company-paid, guaranteed issue<sup>1</sup> basic life and AD&D insurance on your first day as a new hire.

The basic life policy value is 1x your frozen earnings from September 2023 to August 2024, and effective January 1, 2025, up to a cap of \$1 million. If you're a new hire, the value is calculated using your base annual earnings.

If you're 70 years of age or older, basic life and AD&D benefits will be reduced:

- **Age 70:** The plan will pay 50 percent of the benefit.
- **Age 75:** The plan will pay 35 percent of the benefit.
- **Age 80:** The plan will pay 25 percent of the benefit.

## Supplemental life insurance

You have the option to elect a supplemental life and AD&D policy for yourself. If you decline coverage when it's first available to you, you may be subject to Evidence of Insurability (EOI), or proof of good health, if added later.

## Spouse and dependent life insurance

If you enroll in supplemental life insurance, you're eligible to enroll your spouse or domestic partner and dependents in spouse and dependent life insurance coverage. Spouse life insurance terms at age 70. Dependent life insurance terms at age 26.

	Benefit amount	Maximum
<b>Basic life</b>	1x your frozen earnings	\$1,000,000
<b>Supplemental life</b>	\$25,000, then incremental increases up to \$1,000,000, not to exceed 5x your annual salary	\$1,000,000
<b>Spouse/ domestic partner life</b>	From \$10,000 to \$250,000, selecting from nine set tiers	\$250,000
<b>Dependent life</b>	From \$2,000 to \$25,000, selecting from five set tiers	\$25,000

Voluntary benefits

# Disability

Disability benefits administered by AbsenceOne and Prudential replace a portion of your pay if you become sick or injured and are unable to work for an extended period of time. We offer two coverage types — short-term and long-term disability (STD and LTD).

You're automatically enrolled in STD at no cost to you. You can elect to enroll in LTD coverage at 60 percent coverage, and you'll share 50 percent of the cost of this coverage with Rentokil.

If you're a new hire, you'll be automatically enrolled in LTD, but you can opt out within 30 days of your hire.

### What are frozen earnings?

Frozen earnings are your earnings for a 12-month period, from September to August, and updated on January 1 of the following year. Frozen earnings include your hourly rate, overtime, incentives, commissions, and bonuses.

# Voluntary benefits

We offer three types of supplemental health benefits through Aetna Supplemental in the event you experience certain illnesses, injuries, or hospitalization:

- Accident insurance
- Critical illness insurance
- Hospital indemnity insurance

## How these plans work

These benefits pay you a lump-sum cash benefit in the event you have a qualified illness or accident.

The cash benefit is paid directly to you, and you can use it however you'd like. Use it to pay out-of-pocket medical costs or for things like groceries, childcare, utility bills, or even your mortgage or rent.

The amount of your cash benefit varies based on the type of illness, injury, or hospitalization and the level of coverage you select.

### PRO TIP

If you're enrolled in the **critical illness** or **hospital indemnity insurance plan**, health screenings like mammograms, eye exams, immunizations, colonoscopies, Pap smears, and routine health checkup exams receive a \$100 benefit.

## What do these plans cover?<sup>1</sup>

### Critical illness

- Heart attack
- Stroke
- Cancer
- End-stage renal failure
- Wellness and preventive care exams

### Accident

- Lacerations
- Burns
- Broken limb or loss of a limb
- Paralysis

### Hospital

- Hospital or ICU admission or confinement

<sup>1</sup> This list does not include all illnesses, injuries, or hospitalizations covered under these plans.
