

## Endowment at Age 100 Insurance

### You can't predict your family's future, but you can be prepared for it.

You like to think that you'll be there for your family in the years to come. But if something happened to you, would your family have the income it needs?

It's not easy to think about such serious circumstances, but it's important to make sure your family is financially protected. You can gain more financial peace of mind now with life insurance from The Paul Revere Life Insurance Company.

### What is endowment life insurance?

Endowment life insurance can help provide protection for you and those who depend on you. You won't have to worry about becoming uninsurable later in life, and your premiums won't increase as you get older.

With endowment life insurance, you receive a guaranteed death benefit, which can help with funeral costs and other immediate expenses. Also, throughout the life of the policy, you can access its cash value through a policy loan, and use the money for emergencies.

### What are the advantages of this endowment insurance?

- Your premiums will never increase because of changes in your health or age.
- You can take the policy with you even if you change jobs or retire, with no increase in premium.
- A guaranteed purchase option means you can purchase additional whole life coverage – without having to answer health questions – at three different points in the future.
- With the accelerated death benefit, you can request 75 percent of your policy's death benefit if you are diagnosed with a terminal illness.<sup>1</sup>
- An immediate \$3,000 advance claim payment from the death benefit can help your designated beneficiary pay for funeral costs or other expenses.<sup>2</sup>

**Your cost will vary based on the level of coverage you select.**

## Product options

### Paid-up at age 65 or paid-up at age 95

These two plan design options allow you to select what age your premium payments will end. You can choose to have your policy paid up when you reach age 65 or 95.

### Accelerated death benefit

If you are diagnosed with a terminal illness, you can request up to 75 percent of the policy's death benefit, up to \$150,000.

### Guaranteed purchase option

If you are age 55 or younger when you purchase the policy, you have the option to purchase additional whole life coverage – without having to answer health questions – at three different points in the future. You may purchase up to your initial face amount, not to exceed a total combined maximum of \$100,000 for all options.

### \$3,000 Immediate claim payment

This payment can help meet immediate needs, such as funeral costs, by providing an initial death benefit payment of \$3,000 to the designated beneficiary.

## Additional coverage options

### Spouse term life rider

You can purchase term life coverage for your spouse with a 10-year coverage period. You can choose to convert this coverage to a cash value policy within certain time periods later on – without having to answer health questions.

### Dependent coverage

You may purchase term life coverage for each of your eligible dependent children and pay one premium. You can later convert this coverage to a cash value life insurance policy – without having to answer health questions – upon your 70th birthday or the child's 25th birthday, whichever comes first.

1 The benefit paid under this rider may be taxable and may affect eligibility for benefits under state or federal law. Receipt of these types of accelerated death benefits is not expected to receive the same favorable tax treatment as the receipt of other types of accelerated death benefits that may be available to the policy holder. **This is a life insurance policy that accelerates the death benefit on account of chronic illness and is not a health insurance policy providing long-term care insurance subject to the minimum requirements of New York law, does not qualify for the New York State Long-Term Care Partnership Program and is not a Medicare supplement policy.** As with all tax matters, you should consult your tax advisor to assess the impact of this benefit.

2 We may advance \$3,000 of the death benefit upon receipt of an Immediate Advance Claim Form from the beneficiary.

### EXCLUSIONS AND LIMITATIONS
