

# RxProtect – Lower Your Pharmacy Cost

## Who is eligible to fill Rx scripts through RxProtect?

- You and your family members enrolled in the Putnam County Schools Insurance Group Health Plan
- This is a voluntary program

## What medications are covered under RxProtect?

- Many high-cost generic, brand and specialty drugs covered under the Plan (Select Formulary)
- You must have a valid prescription on file with TrueScripts or have filled through the Plan in the past

## How to enroll?

- You can enroll online [Putnam County School – RX Protect \(rx-protect.com\)](https://rx-protect.com)
- TrueScripts, the Plans Pharmacy Benefit Manager, can refer you to RxProtect if they are unable to find optimal savings for your script.
- When your prescriptions are due for more refills or prior authorizations, RxProtect will work with TrueScripts to facilitate and secure the updates from your provider(s)

## What is the cost?

- Once you enroll and RxProtect can fill your medication(s) you cost is \$0, and the Putnam County Schools Insurance Group Plan pays less too!

## Where do the medications come from? How are they delivered?

- The medications are supplied and distributed through Health Canada (adheres to stringent regulations like the FDA here in the U.S.)
- Medications are shipped to your home or shipping address of your choice
- Signature is required when your medications are delivered
- Your enrollment and care is confidential and follows all HIPPA laws
