

cyber protection that works as hard as you do

Advanced cybersecurity tools for up to 10 devices, including your phone, tablet, laptop, and desktop—powered by Bitdefender, a global leader in cybersecurity software

From data breaches to malware attacks, cyber threats are constantly evolving and growing. In 2024 alone, over 1.3 billion data breach notices were issued to individuals across the U.S.¹

With the right tools, you don't have to face these threats alone. The **Pro+ Cyber plan** from Allstate Identity Protection includes award-winning² cybersecurity features that work in the background to help keep your personal information and devices safe. Whether you're working, shopping, banking, or just browsing, these features are designed to protect you and your family:

- ✓ **Scam alerts** that scan text messages, messenger apps, app notifications, calendar invites and more to detect phishing attempts and malicious content
- ✓ **Unrivaled malware and antivirus protection** that blocks threats before they can cause harm, proven by a decade of top independent test scores, all with minimal impact on your device's performance
- ✓ **Device protection** for personal desktop and mobile devices
- ✓ **Safe pay** feature to protect against all e-threats targeting banking data
- ✓ **Safe browsing** that scans all links before they are clicked
- ✓ **Military-grade VPN** for secure browsing on public or home Wi-Fi, without sacrificing speed
- ✓ **File Shredder** to safely delete files and make them completely unrecoverable, permanently
- ✓ **Webcam and microphone protection** that protects against malware that could hijack your webcam and microphone
- ✓ **Missing and stolen device tools** that remotely locates, locks, wipes, or sends a message to your device in case of loss or theft
- ✓ **Powerful firewall** that provides a strong layer of network protection
- ✓ **Password manager** to encrypt usernames, passwords, and credit card information to seamlessly use across devices
- ✓ **Anti-tracker** preventing trackers from collecting your data
- ✓ **Network security** that protects your home Wi-Fi network and devices connected to it
- ✓ **Financial reimbursement** up to \$50,000 for data recovery and system restoration coverage, ransom payment reimbursement, scam, digital crimes, and social engineering coverage, cryptocurrency funds reimbursement coverage. Plus, up to \$100,000 in cyberbullying coverage[‡]

Protect your family's devices, too

With a family plan, you can cover up to 10 devices per adult, with no limit on the number of adults—so you can protect every device your household relies on.
