DMO® Dental Benefits Summary

This Benefit summary of the Aetna Dental Maintenance Organization (DMO®) provides information on benefits provided when services are rendered by a participating dentist. In order for a covered person to be eligible for benefits, dental services must be provided by a primary care dentist selected from the network of participating DMO dentists. Out of network benefits may apply. Please refer to your Schedule of Benefits.

Employees in AZ, CA, GA, MA, MD, MO, NC, NJ and TX must either live or work within the approved DMO® service area to be eligible to enroll in the DMO®

Due to state law, limited (varying by state) DMO® benefits for non-emergency services rendered by non-participating providers are available for plan contracts written in: CT, IL, KY, MA and OH and for members residing in OK (regardless of contract situs state).

Attention Massachusetts residents: Before enrolling, you should be aware that our network of preferred providers in Massachusetts has providers mainly in the following counties: Barnstable, Berkshire, Bristol, Essex, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk and Worcester. Your out of pocket expenses will be higher if you do not see an in-network provider and, in some plans, benefits may not be available at all for out-of-network providers.

Specialty Referrals

- 1. Under the DMO dental plan, services performed by specialists are eligible for coverage only when prescribed by the primary care dentist and authorized by Aetna Dental. If Aetna's payment to the specialty dentist is based on a negotiated fee, then the member's copayment for the service will be based on the same negotiated fee.
- 2. DMO members may visit an orthodontist without first obtaining a referral from their primary care dentist. In an effort to ease the administrative burden on both participating Aetna dentists and members, Dental has opened direct access for DMO members to orthodontic services.

Emergency Dental Care

If you need emergency dental care for the palliative treatment (pain relieving, stabilizing) of a dental emergency, you are covered 24 hours a day, 7 days a week. You should contact your Primary Care Dentist to receive treatment. If you are unable to contact your PCD, contact Member Services for assistance in locating a dentist. Refer to your plan documents for details. Subject to state requirements. Out-of-area emergency dental care may be reviewed by our dental consultants to verify appropriateness of treatment.

crowns;
casts or processed restorations;

The existing denture, crown; cast or processed restoration, removable denture, bridgework, or other prosthetic service cannot be made serviceable, and was installed at least 5 years before its replacement.

The existing denture is an immediate temporary one to replace one or more natural teeth extracted while the person is covered, and cannot be made permanent, and replacement by a permanent denture is required. The replacement must take place within 12 months from the date of initial installation of the immediate temporary denture.

The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

DMO[®] Dental Benefits Summary

Alternate Treatment Rule: If more than one service can be used to treat a covered person's dental condition, Aetna may decide to authorize coverage only for a less costly covered service provided that all of the following terms are met:

- (a) the service must be listed on the Dental Care Schedule;
- (b) the service selected must be deemed by the dental profession to be an appropriate method of treatment; and
- (c) the service selected must meet broadly accepted national standards of dental practice.

If treatment is being given by a participating dental provider and the covered person asks for a more costly covered service than that for which coverage is approved, the specific copayment for such service will consist of:

- (a) the copayment for the approved less costly service; plus
- (b) the difference in cost between the approved less costly service and the more costly covered service.

Reinstatement Rule: If your Employee and Dependents coverage terminates because your contributions are not paid when due, you may not be covered again for a period of two years from the date your coverage terminates. If you are in an eligible class, you may re-enroll yourself and your eligible dependents at the end of such two-year period. Your dental coverage will be effective as described in the Effective date of Coverage section of the Booklet-Certificate. Your dental coverage will be subject to any rules that apply to a person who enrolls after the first 31 days the person is eligible for the coverage.

Finding Participating Providers

Consult Aetna Dental's online provider search for the most current provider listings. Participating providers are independent contractors in private practice and are neither employees nor agents of Aetna Dental or its affiliates. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice. Not every provider listed in the directory will be accepting new patients. Although Aetna Dental has identified providers who were not accepting patients in our DMO plan as known to Aetna Dental at the time the provider directory was created, the status of a provider's practice may have changed. For the most current information, please contact the selected provider or Aetna Member Services at the toll-free number on your online ID card, or use our Internet-based provider search available at www.aetna.com.

Specific products may not be available on both a self-funded and insured basis. The information in this document is subject to change without notice. In case of a conflict between your plan documents and this information, the plan documents will govern. In the event of a problem with coverage, members should contact Member Services at the toll-free number on their online ID cards for information on how to utilize the grievance procedure when appropriate. All member care and related decisions are the sole responsibility of participating providers. Aetna Dental does not provide health care services and, therefore, cannot guarantee any results or outcomes.

Telehealth Services: The plan will reimburse the treating or consulting provider for the diagnosis, consultation, or treatment of an enrollee via telehealth on the same basis and to the same extent that the plan would reimburse the same covered in-person service.

Dental plans are provided or administered by Aetna Life Insurance Company, Aetna Dental Inc., Aetna Dental of California Inc. and/or Aetna Health Inc. In Arizona, DMO Dental Plans are provided or administered by Aetna Health Inc.
